## The NCCID – CFID

# Infectious Diseases Knowledge Translation Awards

The National Collaborating Centre for Infectious Diseases (NCCID) and the Canadian Foundation for Infectious Diseases (CFID) offer the Infectious Diseases Knowledge Translation Award to encourage student involvement in knowledge mobilization and health promotion on preventing and controlling infectious diseases.

An award of \$5,000 will be presented to an undergraduate student, graduate student or clinical trainee annually. The award is to be used to support a proposed project for outstanding knowledge translation or health promotion in an infectious disease topic for public health audiences. Successful applicants will receive two meetings with NCCID and CFID members to review their project and offer support and guidance on knowledge translation. The NCCID-CFID award will be presented during the AMMI Canada /CACMID Annual Conference.

## Eligibility

To receive the award, students must:

- be eligible to work in Canada;
- be currently enrolled in a clinical trainee, graduate or undergraduate program with broadly defined relevance to public health at an accredited Canadian university.

Intellectual property for the work must be eligible for sharing with NCCID and CFID.

## Selection Process

The selection committee will include the Senior Program Manager of NCCID as Chair, two members of the CFID Board, and one staff member of NCCID selected by the Chair. Applications will be assessed according to the following criteria:

- Scholarliness of the applicant's proposed project
- Potential impact of the applicant's proposed project for public health
- Creativity in the knowledge mobilization strategies used by the applicant
- Quality and degree of support of academic supervisor

## Award Timeline

Application deadline: January 30, 2026

Notice to successful recipients: March 6, 2026

## Application Guidelines

Your application must include:

- This completed application form,
- A 1-2 page proposal outlining your proposed knowledge mobilization project.
- A CV (curriculum vitae),
- A cover letter; and
- A letter of support from your faculty or academic supervisor that includes confirmation of your current program of study and academic institution.
- Please tell us how you found out about this award opportunity.

Please combine all required components and submit only one file.

## Condition of Acceptance

Award winners must confirm that they will share a copy of the final knowledge project, and its components, with CFID and NCCID along with a brief report of the project methods.

## Deadline

Return the completed nomination form and supporting documentation by January 30, 2026 to [cfid@researchid.com](mailto:cfid@researchid.com)

If you have questions, please contact Tracy Reed at [cfid@researchid.com](mailto:cfid@researchid.com)
